Education

Bachelor's degree in Sociology, University of Salerno, Salerno, July 1997.

Internship at the ISTAT (National Institute of Statistics) headquarters in Basilicata, Potenza, April-July 1998.

PhD in Sociology of Innovation Processes in Southern Italy, University of Naples Federico II, Gino Germani Department of Sociology, Naples, XIII Cycle, academic year 1999-2000.

Postdoctoral fellowship, Department of Sociology and Political Science, University of Salerno, academic year 2001/2002.

Current position

He has been Associate Professor in the scientific disciplinary sector GSPS-08/A formerly SPS/09 (Sociology of Economic and Labor Processes) at the Department of Political and Social Studies (DISPS) of the University of Salerno since October 1, 2020 (since January 1, 2004 as a university researcher).

He obtained his qualification as full professor in the scientific disciplinary sector GSPS-08/A formerly SPS/09 (Sociology of Economic and Labor Processes) on November 28, 2023.

Teaching activities at the University of Salerno and others

- Since the 2004/2005 academic year, he has been teaching Economic Sociology in the three-year degree course in Sociology
- since the 2020/2021 academic year, he has been teaching Sociology of Business and Industrial Relations in the three-year degree course in Sociology

- Since the 2023/2024 academic year, he has been teaching the course in Organization and Models of Social Services in the three-year degree program in Social Service Sciences.
- Since the 2020/2021 academic year, he has been teaching the module Third Sector and Labor Market in the first-level Master's Degree in Territorial Welfare Management, promoted by the Observatory of Social Policies and the Department of Political and Social Studies
- In the 2022/2023 academic year, he taught the course "Alternative Economies and Sustainability Models" in the master's degree program in Sociology and Territorial Policies (Environment and Society curriculum).
- In the 2009/2010 academic year, he taught the course Sociology of the Labor Market and Employment Policies in the Master's Degree Program in Sociology and Territorial Policies.
- From the 2012/2013 academic year to the 2018/2019, he taught the course in Economic and Labor Sociology in the Bachelor's Degree Program in Administration and Organization Sciences and, until the 2017/2018 academic year, the course in Sociology of Economic and Labor Processes in the Bachelor's Degree Program in Political Science and International Relations.
- In the 2017/2018 academic year, he taught New Technologies in Social Research in the Master's Degree program in Sociology and Territorial Policies.
- In the 2020/2021 academic year, he taught Sociology of Work and Organization in the three-year degree program in Sociology.
- In the academic year 2024/2025, he was a contract professor of General Sociology in the three-year degree course in Education and Training Sciences at the University of Basilicata.

Institutional, organizational, and service activities for the degree program (recent)

From June 2023 to present

He is a member of the Joint Teacher-Student Committee of the Department of Political and Social Studies.

From January 1, 2012, to September 30, 2014, and from 2018 to June 2023

He was head of the Internship Commission for the teaching area of the three-year degree course in Sociology at the University of Salerno.

From January 1, 2016, to present

He is a member of the 'L-40 Economic Curriculum Coordination' committee and the 'Internship and Placement Committee' of the Sociology Teaching Council at the University of Salerno.

Member of scientific associations in the field

Since 2018, he has been a member of the Italian Association for the Study of Industrial Relations (AISRI).

Since 2019, he has been a member of the Italian Society of Economic Sociology (SISEC).

Participation as a speaker at scientific conferences in Italy and abroad

June 24-27, 2025

33rd International Colloquium of Gerpisa, The central role of China in the global automotive industry. School of Economics and Management, Tongji University, Shanghai (CHINA). D. Bubbico, G. Cavalca, G. D'Onofrio, "What are professional needs and new work skills in the Italian automotive supply chain in regards to electric transition? Some research outcome on sample of Italian's firms" Session no. 9, European industrial relations in transition: Challenges for Work and Labor; Wang, X., Bubbico D., Perez Almansi B., "Chinese investments in Italy's automotive sector: marginality or potential attractiveness of the Italian automotive production ecosystem?", Session no. 13, From industrial policy to Chinese FDIs; D. Bubbico, "The transition to electric cars and the impact on supply chain employment," Session No. 19, The Italian automotive supply chain in transition.

January 29, 2025-February 1, 2025

9th SISEC Conference. Visible and invisible in contemporary capitalism, University of Pavia. With G. Cavalca and G. D'Onofrio, "The ecological transition in the automotive industry. Work and new skills in the Italian automotive components supply chain" (Panel 6.32, Skills and work in the era of ecological and digital transition); D. Bubbico, 'Bad work in catering and hospitality between union representation and invisibility of work: the case of tourism development in the city of Matera' (Panel 1.4, Capitalism, regulation and industrial relations)

September 19-20, 2024

University of Enna Kore, Twenty-first CiMET Workshop, The present future: sustainability and civil progress. Working days dedicated to the analysis of structural transformation trajectories in industry, the economy, and society, with a report entitled "The Italian automotive sector between new employment needs, new skills, and the relaunch of national production" with G. Cavalca and G. D'Onofrio, as part of parallel session five Labour.

04.09.2024-06.09.2024

University of Turin, 45th Annual Scientific Conference, Italian Association of Regional Sciences (AISRE), presented with F. Zirpoli (University of Venice) a report entitled "The electrification of automotive production in Italy between employment risks and the need for new skills: the case of the Stellantis plant in Melfi and its first-level supply chain" as part of session SO.19 - Global value chains and the automotive sector, coordinated by A. Orame (Bank of Italy, Turin office).

June 24-28, 2024

University of Bordeaux (FRANCE), 32nd International Colloquium of GERPISA, Convergence and divergence of trajectories of changes. The end of the CASE paradigm in the automotive industry? with G. D'Onofrio and G. Cavalca, Session no. 10, Suppliers and value chain, "The Italian components industry in EV: skills demand, training and unions' role" (June 26, 2024).

January 31, 2024-March 2, 2024

University of Cagliari, 7th SISEC conference, Work, business, and territories. Between proximity and distance, with the following presentations: with D. Sacchetto (UNIPD) and F. Zirpoli (UNIVE), 'The ecological transition and the automotive industry between production restructuring and impact on employment: the case of the Stellantis plant in Melfi', as part of Panel 2 'The consequences of the transition on work, territories, and inequalities'; with A. Russo (UNINA Federico II), 'Innovation, development, and territorial disparities: the role of the state and local institutions', as part of Panel 1, 'Innovation, inclusive development, and territories: policies, institutions, and socio-economic actors in fragile areas'; with I. Primerano (CNR Salerno), "Internal migration flows from Southern Italy between necessity and choice: initial results of a survey on the case of Basilicata," as part of Panel 1 S6, Migration, Inequalities, and Territories.

September 14-16, 2023

University of Enna Kore, XIV Conference on Environmental Sociology, AIS Sociology of Territory, title of the paper: "The controversial energy transition of the oil industry: the case of Eni in Basilicata," as part of panel 2, "Ecological transition and energy conversion," coordinated by Luigi Pellizzoni (Scuola Normale di Pisa).

June 27-30, 2023

Université Libre de Brussels (FRANCE), 31st International Colloquium of GERPISA, Towards Sustainability? The Electrification of the Automotive Industry, Session 11: Industrial Policies and Regulations, "Industrial policies to support the automotive sector at national and European Union level: which forms of governance?" (June 28, 2023).

May 22, 2023

Research Laboratory of the Department of Sociology – University of São Paulo (USP), São Paulo (BRAZIL), conference entitled "The trade union movement in Italy between crisis of representation and contractual change."

May 17, 2023

Institute of Philosophy and Human Sciences (IFCH) of the Federal University of Rio Grande do Sul (UFRGS), research group on Participatory Processes in Public Management, Porto Alegre (BRAZIL), conference entitled "Trade unionism, conflict, and politics in Italy."

May 8, 2023

Institute of Human and Social Sciences (IFCH) of the Federal University of Fluminense (UFF) Volta Redonda (BRAZIL), Southern Fluminense Development Study Group (GEDESF), Brazilian Research in Auto Industry (BRAIN), seminar entitled "The transition to electric cars in Europe: the case of the Stellantis plant in Melfi (Italy)".

March 29, 2023

He gave a presentation entitled "The governance of public policies in support of the automotive sector in Europe" at the presentation of the study on the automotive industry in Europe by the National Automotive Observatory (Federmeccanica-Confindustria, Fiom Cgil Fim Cisl Uilm Uil) at the CNEL (National Council for Economics and Labor), Rome.

from February 8, 2023, to February 11, 2023

VII SISEC National Conference, University of Brescia, Social Sciences Changing for a Changing Society, Session: The Challenge of Reindustrialization: Work in a Changing Industry between the Green Deal and Digital Transformation, presentation entitled: The Collective Mobility Industry between Relaunch and Innovation in Light of the Environmental Transition: The Case of Industria Italiana Autobus. He also coordinated, with F. Pirro (La Sapienza University), the session Studying working conditions: the case of 'poor work'.

from November 2, 2022, to February 3, 2022

He coordinated and concluded the work of the national seminar 'Alternative economies: experiences and theoretical reflections' held at the Department of Political and Social Studies (DISPS) of the University of Salerno, as part of the initiative promoted by the Salerno Economic Sociology and Labor Group (SELSA), Department of Political and Social Studies (DISPS) of the University of Salerno, in collaboration with the UNISA European Studies Center and SNALAB (Social Networks Analytics for Digital Space and Territory).

October 26, 2022

Introductory report to the national seminar "Citizenship income between social and labor policies," Department of Political and Social Studies (DISPS), University of Salerno, as part of the initiative promoted by Sociologia Economica Lavoro Salerno (SELSA) in collaboration with Osservatorio Politiche Sociali UNISA and SNALAB (Social Networks Analytics for Digital Space and Territory).

from July 19, 2022, to July 22, 2022

Participated in the CONGRESO DE LA ASOCIACIÓN LATINOAMERICANA DE ESTUDIOS DEL TRABAJO/CHILE 2022 and gave a presentation entitled "The new STELLANTIS group between productive and organizational reconfiguration of work: a comparison between South America and Europe," Centro de Organizaciones y Relaciones Laborales, Universidad Alberto Hurtado, Santiago, Chile (CHILE).

from 07.07.2022 to 08.07.2022

MOVET Pontedera (Center for Initiatives on Motors, Vehicles, and Technologies), University of Florence, University of Pisa, Uni Marconi, national conference "The ecological transition of the automotive system," report entitled "Electric cars and their impact on employment," Museum of Natural History of the Mediterranean, Livorno.

June 14, 2022

University of Cassino, Unindustria Lazio, participation in the conference "The role of the energy sector in sustainable mobility. Prospects and opportunities for decarbonization," with a report entitled (together with Andrea De Bernardis ANFIA) "The automotive industry in Lazio: characteristics and prospects," Session 1. Local projects on sustainable mobility/Automotive supply chain/sustainable mobility research project in Lazio, University of Cassino, Cassino.

from June 8, 2022, to June 11, 2022

University of Bologna, 6th SISEC conference, The work of transition. Technologies, policies, and ecology of work in the 21st century, with Giuseppe Allegri and Guido Cavalca, coordinated the session "Labor policies and income support policies: the experience of Citizenship Income between work, non-work, and the myth of employment. Citizenship Income, analysis of the measure," and presented the report entitled "The analysis of labor conflicts in Italy: sources, limitations, and new perspectives for study" in Session VIII "New perspectives on labor conflict and forms of collective organization and representation of workers" and the report "The sociology of work and trade union research in the face of the problems of site and supply chain bargaining" in Session VI "Doing sociology of work between empirical and methodological issues."

from April 21, 2022, to April 23, 2022

University of Padova, ILPC 2022 40th (International Labor Process Conference), Session Mobilization of Workers 4: title relation "Working conditions and strikes in the industrial sector in Russia: independent trade unions and labor conflicts at Ford in the Leningrad region."

from June 9, 2021, to June 12, 2021

University of Catania, 5th Annual SISEC Conference, ITALY FACING THE EMERGENCY: INSTITUTIONS, MARKETS, SOCIETY, Coordinated Session 7 "Capitalism in the COVID-19 crisis: critical analyses and alternative economic models" with Guido Cavalca (University of Salerno) and Ivano Scotti (University of Pisa).

from January 30, 2020, to February 1, 2020

University of Turin, 4th SISEC National Conference, "The rediscovery of value. Polytheism of values and market hybridization," Session 14 "Representation, solidarity, and conflicts in the transformations of the labor-," (with Angelo Moro, NRA/Université Bourgogne Franche Comté) presentation entitled "The role of union representatives in the era of the CCSL: considerations based on research on working conditions in Italian FCA and CNH plants."

from September 26, 2019, to September 27, 2019

University of Milan and University of Parma, National Conference "Emancipatory social science today," AIS, Quaderni di Teoria Sociale, Panel 3, "Militant research and mobilization: methodologies and practices," presentation entitled "The practice of worker inquiry today between union militancy and university research," Parma.

June 12-14, 2019

ENS-Paris-Saclay Cachan Paris (FRANCE), GERPISA International Colloquium, "Paradigm shift? The Automotive Industry in Transition," Paris (ENS-Paris-Saclay Cachan), paper (with Daniele di Nunzio, FDV Rome) entitled "Working conditions in the FCA, CNH, and Magneti Marelli plants: a survey questionnaire."

from October 2, 2018, to October 3, 2018

University of Salerno, National Conference of the AIS-Sociological Transformations and Social Transformations section, report entitled "Capitalism in a 'peripheral' country: criticism of dualistic reasoning and Francisco de Oliveira's platypus theory."

from March 29, 2019, to March 29, 2019

Trentino School of Management and Labor Relations and Trade Union Laboratory (LARES), Annual Conference of Young People of the Italian Association of Industrial Relations Studies (AISRI) "The role of the state in industrial relations," report entitled "Government reforms of the labor market: an indirect way to weaken industrial relations? The case of recent reforms in Italy and France," Trento.

On behalf of the Department of Management of the Ca' Foscari University of Venice, he conducted research on the economic and employment consequences of the STELLANTIS Industrial Plan on the first-level supply chain of the final assembly plant in Melfi as part of the agreement signed between the University of Venice and the Basilicata Region.

from June 15, 2021, to October 15, 2021

He conducted research on behalf of ANFIA Turin and UNINDUSTRIA LAZIO on the characteristics of the automotive sector in Lazio through interviews with key figures in the corporate and institutional spheres. The results of the research were then included in the research report by ANFIA, "The automotive supply chain in the provinces of Frosinone and Latina, with a focus on the local production system in Cassino.

from April 30, 2019, to December 31, 2019

Conducted research on the characteristics of aspiring temporary workers to be employed in AMAZON factories in Italy on behalf of the national NIDIL CGIL in Rome, in collaboration with Daniele Di Nunzio (Fondazione di Vittorio, Rome) and Marcello Pedaci (University of Teramo).

from January 1, 2016, to February 28, 2016

On behalf of the regional Fiom Cgil of Puglia, he conducted a survey on the metalworking sector in Puglia, with particular attention to working conditions in the automotive sector and ENI-related industries in the Brindisi and Taranto plants. The research is available at in the form of a research report.

from May 1, 2015, to September 15, 2015

Together with others, he carried out research on behalf of Fiom Cgil Basilicata on harmful and risk

factors at the FCA Melfi plant. The results of the research were made available in a research report available on the Fiom Cgil national website.

from March 1, 2014, to April 30, 2014

On behalf of Fiom Cgil national, he produced a monitoring report on the production and employment aspects of the Italian plants of FCA and CNH Industrial, published in the form of a report by META editions under the title RADIOGRAFIAT. The volume is freely accessible on the Fiom Cgil national website.

from September 1, 2013, to January 29, 2014

Commissioned by Fiom Cgil Avellino, he conducted a fact-finding survey with Francesco Pirone, using questionnaires, on working conditions at the FMA plant in Pratola Serra Avellino (FIAT group), which was then made available in the form of a research report.

from February 1, 2013, to December 30, 2013

Together with others, on behalf of the NGO Centro Nuovo Modello di Sviluppo (CNMS) in Pisa, as part of a European research project, he carried out a fact-finding study on working conditions in the textile, clothing, and footwear sector, with specific reference to the case of Campania (the other two case studies concerned Tuscany and Veneto). The research is available in the form of a report that can be downloaded from the association's website and will be published in a more comprehensive form and revised by the authors of the research in a volume currently being reviewed by Guerini e Associati publishers.

from November 1, 2012, to December 31, 2012

On behalf of APOFIL (Agency for Guidance and Training, Education and Employment) of the Province of Potenza, he conducted a survey on the pool of personnel in mobility and on layoff in the province of Potenza: professional characteristics and training needs, through the administration of questionnaires and qualitative interviews.

from January 1, 2012, to May 30, 2012

On behalf of Flai Cgil Potenza, he carried out research on the agri-food industry in the province of Potenza with reference to business structure and employment dynamics. The research, carried out in the form of a report, was then published in article format by the Rivista Economica del Mezzogiorno (Economic Review of Southern Italy).

from September 1, 2011, to December 20, 2011

Together with Francesco Pirone, he conducted a fact-finding survey on the state of the automotive supply chain of the Fiat plant in Pomigliano on behalf of Fiom Cgil Campania, carried out through a questionnaire survey and qualitative interviews with representatives of the plants in the Campania supply chain. The results of the survey were published in the form of a research report.

from January 1, 2009, to April 30, 2009

On behalf of the Institutional Coordination Committee for Labor Policies of the Basilicata Region, he produced a research and monitoring report on the economic activities of the industrial areas of Basilicata (data for the two-year period 2007-2008).

from February 1, 2007, to May 31, 2007

On behalf of IRES CAMPANIA, he conducted a survey on the professional needs of SMEs in the transport and energy sectors in Basilicata as part of the E.R.A.C.L.I.T.O project (PON project for Objective 1 regions), which was then incorporated into a final research report.

from January 1, 2006, to December 31, 2007

On behalf of the Institutional Coordination Committee for Labor Policies of the Basilicata Region, he conducted two surveys on the functioning of employment agencies and job centers in 2006 and 2007, respectively, which were then published in the form of a research report and subsequently in a monographic volume, together with other works, published by Carocci.

from November 1, 2005, to March 30, 2006

On behalf of Sviluppo Italia Basilicata, the in-house company of the Basilicata Region, he carried out a survey on four POR calls for proposals in support of manufacturing SMEs in Basilicata, specifically the 2001 POR Manufacturing SMEs Call for Proposals, in order to analyze their impact on employment. The research activity, carried out using a CATI survey system, was part of the European INTERREG project.

from 01-04-2006 to 30-07-2006

On behalf of Sviluppo Italia Basilicata, the in-house company of the Basilicata Region, it produced a research report on the automotive sector in Basilicata as part of the European MODELE project. The research consisted of administering a questionnaire to all companies located in Basilicata and subsequently drafting an analysis report.

from January 1, 2005, to April 30, 2005

Conducted a survey for the company BASEFOR in Potenza on the training needs of the Medio Basento and Montagna Materana areas as part of the actions promoted by GAL Le Macine under the LEADER 2000-2006 program, which was then published in the form of an article (with Giuseppe Romaniello) in issue 53 of 2005 of the review Meridiana.

from January 1, 2004, to October 30, 2004

Together with others, he carried out a survey on small and medium-sized enterprises in the industrial areas of Marcianise and San Marco Evangelista on behalf of the ASI Consortium of Caserta. The research was carried out by reconstructing the industrial settlements and conducting a sample survey. The final results were published in the form of a research report.

from September 1, 2003, to February 28, 2004

Together with Jonathan Pratschke, he carried out a survey on behalf of the Public Administration of Potenza and the CGIL Basilicata trade union, using questionnaires and qualitative interviews, on the organization of work and the working conditions of employees at the San Carlo Hospital in Potenza, which was then published in the form of a research report.

from 01-04-2003 to 30-05-2006

He was scientific director of the Working Group on Immigration in the province of Potenza on behalf of the Department of Social Policies of the Province of Potenza, which, as part of its activities, produced two research reports on the migration experience in the province of Potenza between 2003 and 2006 (Data, analysis, and needs of the immigrant population, April 2004 and Second Report on Foreign Immigration in the Province of Potenza, May 2006).

from 01-04-2003 to 31-12-2003

Member of the Regional Commission on Irregular Work at the Campania Region, as a researcher and member of the National Committee against Irregular Work and for Local Development at the Presidency of the Council of Ministers. In this context, for the period indicated, I carried out research and planning activities within the scope of the activities and policies promoted by the National Committee chaired by Prof. Luca Meldolesi (University of Naples).

from October 1, 2002, to March 30, 2004

On behalf of Fiom Cgil Emilia-Romagna, I conducted a questionnaire survey on a sample of southern workers in metalworking companies in Emilia-Romagna. The research, which included the administration of a questionnaire, qualitative interviews, and the collection of company data, was then published in monograph form by Franco Angeli (*I nuovi flussi migratori interni. Un'indagine della Fiom Cgil Emilia-Romagna tra i lavoratori delle aziende meccaniche*, 2005).

from 01-04-2002 to 30-09-2002

He conducted a survey through questionnaires and qualitative interviews on the universe of social cooperatives in Basilicata on behalf of the League of Cooperatives of Basilicata. The research was then published under his own name in the form of a research report by Edizioni Cooperative in Rome.

from May 1, 2001, to October 30, 2003

As part of research funded by the Province of Potenza on female employment at the FIAT plant and in related industries in Melfi (Basilicata), he was coordinator and researcher of the local research group for the administration of the questionnaire and qualitative interviews. The research, edited by Anna Maria Riviello, was then published by Edizioni Calice with contributions from him in the form of individual chapters.

from 01-04-2001 to 31-07-2001

On behalf of Fillea Cgil of Matera, CGIL Basilicata conducted a survey on working conditions through questionnaires and qualitative interviews among workers in the upholstered furniture district of Matera. An excerpt from the research results appeared in issue 35 of October 2, 2001, of the weekly magazine "Rassegna Sindacale" and subsequently in full in issue 2 of 2003 of the magazine "Quaderni di Rassegna."

from February 1, 2000, to April 30, 2000

On behalf of the ITER company of Naples, he collaborated as a field interviewer on the national research promoted by the Department for Development Policies (DPS) of the Ministry of the Treasury and by Sviluppo Italia, "Characteristics and potential of territorial pacts," specifically for the Territorial Pact of the Province of Matera.

from October 1, 1998, to May 30, 1999

He carried out field research on employment issues in the Scampia district as part of research promoted by the University of Naples Federico II as part of the study project for the transfer of the Faculty of Agriculture to the Scampia district. Head of the research project: Prof. Enrico Pugliese. This work was then included in a jointly authored chapter in a volume published by the same university (*Oltre le vele. Progetto su Scampia*, Fridericiana Editrice Universitaria, Naples 1999).

from 01-04-1998 to 31-07-1998

Regional ISTAT office in Basilicata. Completed an internship at the regional office of the Institute, focusing on the functioning and results of the periodic ISTAT Labor Force Survey. The research activity concluded with the publication of a report entitled: "The labor force in Basilicata: structural aspects and dynamics."

from April 1, 1998, to May 30, 1999

He was part of the research group led by Vittorio Rieser (University of Modena and Reggio Emilia and IRES Piedmont) on working conditions at the Fiat plant in Melfi. The results of the survey, sponsored by the Basilicata Region, were subsequently published in the magazine *Finesecolo*, with a contribution signed by him.

from February 1, 1996, to October 31, 1996

He carried out research through field interviews as part of the second survey of workers at Fiat in Melfi, coordinated by Vittorio Rieser and funded by the Province of Potenza. Some of the findings of the research were then published in the form of an article by him in issue 4-1 (December 1998-January 1999) of the journal *Finesecolo*.
